MICHELIN Guide's Point of View

Look for the sign saying 'canteen' or you'll never find this cze char kitchen. It's a simple spot, albeit slightly bigger than its last premises - the photos on the wall record the development of the restaurant over the years. The butter crab is well worth ordering but don't ignore the charcoal-grilled American rib-eye. At lunch the space is shared with two other food stalls so it might be better to come for dinner.
